(b) Requesting Party. The name and address of the person to whom the search report is to be sent.

(c) Fee. The appropriate fee shall be enclosed. It shall be payable by a method authorized by the filing office.

(d) Search Request with Filing. If a filer requests a search at the time a UCC record is filed, the name searched will be the debtor name as set forth on the form. § 22601.5. Rules Applied to Search Requests.

Search results are produced by the application of standardized search logic to the name presented to the filing officer. Human judgment does not play a role in determining the results of the search. The following apply to searches.

(a) There is no limit to the number of matches that may be returned in response to the search criteria.

(b) No distinction is made between upper and lower case letters.

(c) Punctuation marks and accents are disregarded.

(d) Words and abbreviations at the end of a name that indicate the existence or nature of an organization as set forth in the "Ending Noise Words" list as promulgated and adopted by the International Association of Commercial Administrators are disregarded.

(e) The word "the" at the beginning of the search criteria is disregarded.

(f) All spaces are disregarded.

(g) For first and middle names of individuals, initials are treated as the logical equivalent of all names that begin with such initials, and first name and no middle name or initial is equated with all middle names and initials. For example, a search request for "John A. Smith" would cause the search to retrieve all filings against all individual debtors with "John" or the initial "J" as the first name, "Smith" as the last name, and with the initial "A" or any name beginning with "A" in the middle name field. If the search request were for "John Smith" (first and last names with no designation in the middle name field), the search would retrieve all filings against individual debtors with "John" or the initial J as the first name, "Smith" as the last name and with any name or initial or no name or initial in the middle name field.

(h) After using the preceding rules to modify the name to be searched, the search will reveal only names of debtors that are contained in unexpired financing statements and exactly match the names requested, as modified.

Note: Authority cited: Section 9526, Commercial Code.

Reference: Section 9526, Commercial Code.

§ 22601.6. Optional Information.

A UCC search request may contain any of the following information.

(a) The request may limit the records searched by using the address of the debtor, the date of filing (or a range of filing dates) or the identity of the secured party(ies) of record

on the financing statements. The reports created by the filing officer in response to a request shall contain the statement.

“The search results herein reflect only the specific information requested. The results of the debtor search will not reflect variances of this name. If the debtor is known under other personal names, trade names, business entities, or addresses, separate searches of these names will have to be requested and conducted. *The Secretary of State, his officers and agents disclaim any and all liability for a claim resulting from other filings on which the name of the debtor can be found in any other form than that which was requested.*”

(b) The request may ask for copies of UCC records identified on the primary search response.

(c) Instructions on the mode of delivery desired, if other than by ordinary mail, which request will be honored if the requested mode is available to the filing office.

(d) Copies of unrelated records may be requested by providing the specific file numbers. The filing office may limit the number of records that may be accepted in a single search request.

Note: Authority cited: Section 9526, Commercial Code.

Reference: Section 9526, Commercial Code.

(b) Report Date. The date the report was generated.

(c) Name Searched. Identification of the name searched.

(d) Certification Date. The certification date and time for which the search is effective.

(e) Identification of initial financing statements. Identification of each unexpired initial financing statement filed on or prior to the certification date and time corresponding to the search criteria, by name of debtor, by identification number, and by file date and file time.

(f) History of Financing Statement. For each initial financing statement on the report, a listing of all related UCC records filed by the filing officer on or prior to the certification date.
